Fantastic Personal + Professional Success Stories

United States Olympic Gold Medal Coach

Dear Denny,

I think of you often ...you are a key reason both Cody and Mac are thriving.

Cody graduated from Princeton, 3x All American in volleyball there and a history major, and is now in his 5th year of pro volleyball in Germany – playing for the #1 team in the Bundesliga there, Berlin Recycling

Makenzie graduated cum laude from Bowdoin. What a great school, like a CC but in Maine, after playing volleyball there too. She then spent 2 years teaching at the Asian Pacific School on the north shore in Hawaii, living like 200 yards from the beach. Her summers she spent guiding kids, in Costa Rica, Chile, New Zealand, Canada, and heck, even trips up Kilimanjaro.... She really is the outdoor one of the duo following in her grandpa's footsteps (he lives on Yosemite's valley much of his childhood, and knew Ansel Adams well).

Just wanted to again say that, and that you have impacted many tens of thousands more thru my blog and clinics. There are Denny sprinkles in every session as I see it.

Carpe diem,
J

Harvard University Grad-Math Teacher!

Hi Denny,

Of all the classes I've taken... or people I've known.... there are none who have had as great an impact on me as you.

Thanks,

WOW! Oregon teacher...

Denny...I am so totally blown away by the power of your workshop...you may shout from the roof tops to all of heaven and earth!!!

What a total gift to hear back from you. I cannot even express to you the impact your workshop has had on my life....in school and out. My husband of 15 yrs and I divorced earlier this year. Fast forward a few days, we have decided to reconcile. We are not the same people we were a year ago and I have to give you thanks for giving me the tools on how to express the person I knew I was on the inside. My teaching is more efficient, my parenting is more joyful, and God has knowingly given us a 2nd chance. Thank you for the complete gift you are, and thank you for sharing the joy of life.....yay it's you!! My ARFF for today is off the chart!
