Denny,

Seldom has anyone affected my life as much as you.

I remember when Bill told me 4 years ago that there was a conference he would like me to attend, the week prior to school. Never was I so oppositional to believe that this guy could offer anything I hadn't heard in 15 years. As you know, about 30 minutes in, I called my wife and told her you were, "life changing" and to drop whatever she was doing and get over here.

You have changed my classroom and my life. I am able to love more unconditionally which I never could do in the past. You have since become a great mentor and friend. I know I could contact you any time and you would be available. You have shown me what being human is...as well as being a Christian. I would like to say for these things...yea, Denny!

Thank you for not being status quo,

SH

Denny,

I just wanted to let you know what we came home to...

And Chelsea wanted me to tell you that she'd already used High Trust in College. Some student in her music ed class said that students learn better out of fear.

Chelsea argued NO...that students need to establish a trust relationship with their teachers, and then they will "want" to do the work. HER PROFESSOR SIDED WITH HER!

Thank you so much for your wisdom. You have made a HUGE impact on us.

Liz
